WORK EXPERIENCE

Software Engineer

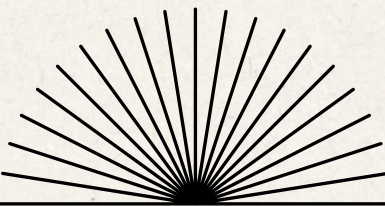

UPT TIK UNJ | Jul 2023 – Sep 2023

As an intern at UPT TIK UNJ, I developed responsive user interfaces using HTML, CSS, and JavaScript, and integrated APIs to improve load speed by 30%. I also supported debugging and testing, reducing post-deployment issues by 40%

Founder & Head of Frontend Developer

Meraki Webdev | Nov 2023 – Present

Led 3+ client web projects from development to direct communication. Built reusable frontend components using JavaScript and Tailwind, improving team efficiency by 20% and achieving 95% client satisfaction.

PROJECTS

SENAT FAKULTAS HUKUM 2025

Home Kotak Aspirasi FAQ Bank Aspirasi Selayang Pandang JDIH Peminjaman Ruangan [Ajukan Surat](#)

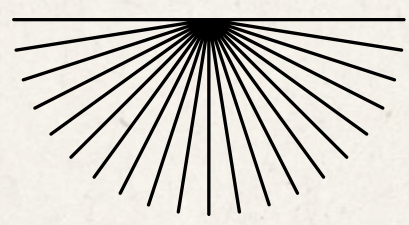

PEMINJAMAN RUANGAN

Berisikan tentang data peminjaman ruangan

No ↑	Digunakan Oleh ↑	Ruangan ↑	Tanggal ↑	Jam Mulai ↑	Jam Selesai ↑
1	UKM – F / PSEUDORECHTSPRAAK – LATIHAN KOMPETISI MEDIASI	R. PSEUDO	12 Jul, 2025	08:00:00	20:00:00

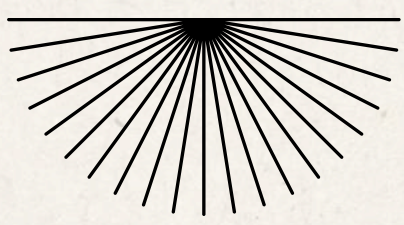

Enhanced and expanded the existing system by adding key modules such as senator evaluation, event calendar, news, and public information. Focused on frontend optimization, API integration, and UI improvements using Laravel Blade, Tailwind CSS, JavaScript, and Postman. Performance improvements were validated using GTmetrix.

SENAT FAKULTAS HUKUM 2024

Improved and expanded the system with modules like senator evaluation, event calendar, news, and public info. Focused on frontend performance, API integration, and UI enhancements using Laravel Blade, Tailwind CSS, JavaScript, Postman, and GTmetrix.

Stunting Detection Website

Built a responsive web app to assess stunting risk in children (0–5 years) using height, weight, and age inputs. Provided educational content on nutrition, vitamins, and parenting. Developed with Laravel Blade, Tailwind CSS, and JavaScript for use by parents and health workers.

CERTIFICATE

TOEFL ITP

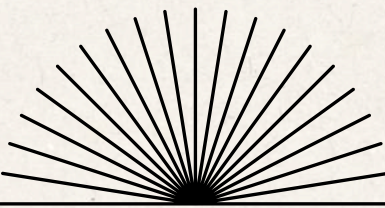

Scored 633 (CEFR C1), demonstrating advanced proficiency in academic English, including reading, listening, and structure.

Cisco Networking Academy

CCNAV7: Introduction to Networks (Dec 2022) – Completed foundational training from Cisco Networking Academy covering network architecture, IP addressing, subnetting, and basic router/switch configuration.

Cisco Network Academy

CCNAv7: Switching, Routing, and Wireless Essentials (Jul 2023) – Gained hands-on skills in configuring switches, routers, and wireless networks, with a focus on VLANs, routing protocols, and network security fundamentals through Cisco Networking Academy.

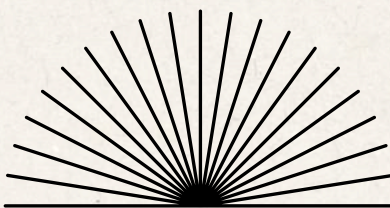

MERAKI

What is Meraki Webdev?

Meraki Web Dev Community is a web developer community I founded in 2023, focused on building minimalist, high-performance websites and web applications. As a Frontend Developer and Project Manager, I lead user interface development and coordinate team workflows across client and internal projects, including the Faculty Senate website for UNDIP Law, a digital platform for an Islamic boarding school, and an admin panel for a game top-up service.
